R. R. OFFICES TO CLOSE—The  
city ticket offices of the Arizona  
Eastern and the Santa Fe will close  
at noon Monday on account of Labor  
day.

ON WAY HOME—State Engineer  
Lamar Cobb will arrive home this  
evening after a tour of inspection of  
the road camps at Bisbee and  
Tucson.

GOES EAST—Dr. Looney, state  
health officer, left yesterday for  
Rochester, New York, where he will  
attend as Arizona's representative  
the meetings of the American Public  
Health association.

J. H. KINNEY, Ill.—James H.  
Kinney, East Adams street real estate  
dealer, is seriously ill at his  
home, suffering from an abscess of  
the stomach. He was seized on  
Wednesday and his condition is con-  
sidered grave.

WARDEN TAKES TRIP—State  
Game Warden Willard will leave to-  
morrow for Roosevelt, from whence  
he will make a tour of inspection into  
the Tonto basin. The object of  
Warden Willard's trip at this time,  
is to get in touch with the deer  
situation before the season opens,  
and to ascertain what if any dam-  
age has been done to the game pre-  
serves in that section.

MRS. GOLDSWORTHY RE-  
TURNS—Mrs. W. S. Goldsworthy re-  
turned yesterday morning from an  
extended visit at her former home at  
Hamilton, Ont. She expressed her-  
self as more than pleased to be once  
more in Arizona. General Agent  
Goldsworthy, of the Santa Fe, Pres-  
cott and Phoenix railroad, unearthed  
important business calling him to  
Windsor and arrived there in time  
to spend the night upon that portion of  
her return trip.

SEEKING BROTHER—Frank W.  
McBee, of San Marcos, Texas, has  
written Governor Hunt asking that  
he take whatever steps in his power

has been turned over to Chief of  
Police Brisbane with the request that  
he undertake the work of finding  
McBee. The missing young man is

wears silver ring with "J. A. M."  
in monogram; middle finger of left  
hand slightly disfigured. Smokes  
and chews tobacco but teeth are  
in perfect condition. The young man  
is supposed to be making his way  
from El Paso to San Francisco.

ALLEGED CHECK ARTISTS  
HELD FOR THE COURT

Joe D. Murphy and Don Enas Make  
Try for Easy Money

Joe D. Murphy and Don Enas, the  
latter an Indian, were held for the  
superior court yesterday afternoon  
by Justice of the Peace P. P. Parker  
on charges of issuing fictitious  
checks and committed to the county  
jail. The arrest of each of the men  
was effected by the police almost at  
the same hour, although their opera-  
tions were in no way connected.

Murphy by his own confession to  
the police, passed a check at Karp's  
clothing store on East Washington  
street. He made some small pur-  
chases and tendered a check in the  
sum of \$8.00 for which he received  
the goods and the change. The  
check bore the name of Kilpatrick.  
Presented at the bank upon which  
it was drawn, the information was  
forthcoming that there was no such  
account there. Karp did some de-  
fective work and finally ascertained  
that Murphy or Kilpatrick was still  
in town. When Policeman Wilkerson  
created him he at first denied it, but  
he had made any purchases at Karp's  
store. But Karp and an attaché of  
the store positively identified him  
and he finally confessed.

Enas presented a check for \$25 at  
the Boston Store. He attempted to  
make some purchases. His attention  
was engaged while the check was in-  
vestigated and upon being found that  
he had no funds in the bank upon  
which the check was drawn the police  
were summoned.

## LIBRARY WILL CLOSE — The

Carnegie Public Library will be  
closed all day Monday, Labor day.

GARCIA HELD—Manuel Garcia,  
better known as William J. Bryan,  
former dog catcher of Phoenix, was  
held yesterday by Justice De Souza  
on the charge of passing a check in  
connection with the theft of a box  
of watches from a jeweler on West  
Washington street some months ago.

GIRARD RETURNS — City En-  
gineer J. B. Girard has returned  
from a hurried visit to the Verde  
river at the site of the intake of the  
proposed canal, which is projected  
to bring the water of the Verde to  
this city. While there Engineer  
Girard sunk two or three small test  
wells and took samples of the water  
which he brought here for analysis.  
The result of the analysis will de-  
termine to no small extent the char-  
acter of the report to be made upon  
the feasibility of the project.

WHERE IS JAMES ROE?—Two  
inquiries were received at the office  
of the sheriff yesterday, one from  
H. C. Griffith, prosecuting attorney  
of Boise, Idaho, and the other from  
Mary Roe, of Boise, regarding the  
whereabouts of James Roe, the hus-  
band of the latter. Mrs. Roe writes  
that he was in Phoenix about ten  
months ago. He is about 63 years of  
age and about five and one-half  
feet tall, short of stature, fair com-  
plexion, gray eyes and white mus-  
tache. He is a socialist and common  
laborer.

BARRED FROM THE DAM — An  
order has come from the head of  
the reclamation service at Washing-  
ton not to let Charlie Cox fish in  
Roosevelt dam any more. The order  
states that it was the intention of  
the service to open this form of  
sport to all the people of Arizona,  
but it was not contemplated by the  
interior department that one man  
should catch all the fish. Mr. Cox  
spent a few days at Blue Point, near  
the Monroy ranch, and it was dur-  
ing his operations there that the  
elevation of the water in the dam  
was the most rapidly lowered. In  
spite of the belief of a great many  
people that to take a fish out of  
water does not have the effect of  
lowering the level of it.

THE ASYLUM SEWER — Since  
Former Chief Engineer Fox's diver-  
sion of the city sewer into the asy-  
lum, the outfall of the sewer sewer  
from his home, the asylum au-  
thorities have resumed their negotia-  
tions with City Manager Craig look-  
ing to a contract whereby the asy-  
lum may construct a sewer line to  
the city limits, there to connect with  
the city sewer. It is proposed that  
the state construct the sewer and  
then deed it to the city, being privi-  
leged thereafter to discharge asy-  
lum sewage into the city sewer, the city  
to own the line and to make charge  
for connections made by owners of  
property between the line and the  
asylum. The matter is likely to be  
considered by the city commission at  
the next meeting scheduled for next  
Tuesday.

WITHHELD HIS DEFENSE—Kado-  
mato, the Japanese, held for impor-  
tuning a case of whiskey into the state,  
neglected to inform his attorney of  
an incident that will probably be  
the strongest point in his defense  
that the whiskey had been sent to  
him by a Japanese army officer who  
had been recalled by the Japanese  
government and who took this way  
to express his gratitude to Kadamato  
for kindness shown him while he  
was here and for financial aid to  
make the journey to San Francisco.  
The whiskey was sent from Los  
Angeles and the letter informing  
Kadamato of it was mailed from  
San Francisco where the officer in-  
tended to take a boat. Kadamato's  
attorney knew nothing of the letter  
until he read the story in The Re-  
publican yesterday morning. The let-  
ter had been turned over to the  
United States authorities in the hope  
that the officer might be apprehended  
before he sailed in which case  
the Japanese government would need  
his services for a long time before it  
would avail itself of them. It is a  
crime for a foreigner as well as for  
a citizen to send misbranded liquor  
from one state to another.

PLATINUM THIEVES—Word was  
received at the office of the sheriff  
from Globe yesterday that the night  
before the assay office of two mines  
there had been burglarized and plat-  
inum of the value of \$3,000 was  
taken. It is only known that the  
thieves were traveling in a Ford  
automobile. It is suspected that  
they came in the direction of Phoenix.  
HULETT'S RETURN—A. G. Hulett,  
the druggist who has been en-  
joying the cool breezes at his Iron  
Springs cottage, has returned to  
Phoenix. Mrs. Hulett will also re-  
turn shortly from her summer outing.  
It will be remembered that Mrs.  
Hulett was a delegate at the meet-  
ing of the Federation of Musicians  
clubs, held in Los Angeles during  
June and July. She reports she en-  
joyed the meetings very much, and  
derived great inspiration from them  
for her future musical endeavors.  
She will return early in order to  
prepare for the formation of her  
musical classes.

HERE FOR SON'S BODY—John  
B. Lingle, of Lingletown, a suburb  
of Harrisburg, Pa., arrived here yester-  
day to claim the remains of his  
son, Harry V. Lingle, whose body  
was found on the desert in the vicin-  
ity of Granite Reef, in the latter  
part of July. Burial was made in  
a cemetery at Mesa before it was  
known that it would be claimed by  
his parent. The body will be ex-  
humed and shipped to the old home.  
Young Lingle had been camping  
near Granite Reef for several weeks  
and had not been heard of here for  
some time when his body was found  
by some cowboys. Dr. Grant S.  
Monical, who had attended Lingle  
and who had advised him to live in  
the open for a time, journeyed to  
Granite Reef and found Lingle's  
camp deserted. He afterward iden-  
tified the body. The young man was  
part owner of the Lunch Stand, just  
west of the Coliseum theater.

The phrase "entente cordiale" was  
first used to express the friendly re-  
lations existing between France and  
England in 1843.
